

Objective: The student will be able to write a simple program to perform basic arithmetic operations.

Directions: Perform the following steps.

Step 1: Start Visual Studio.

Step 2: Select Visual C++.

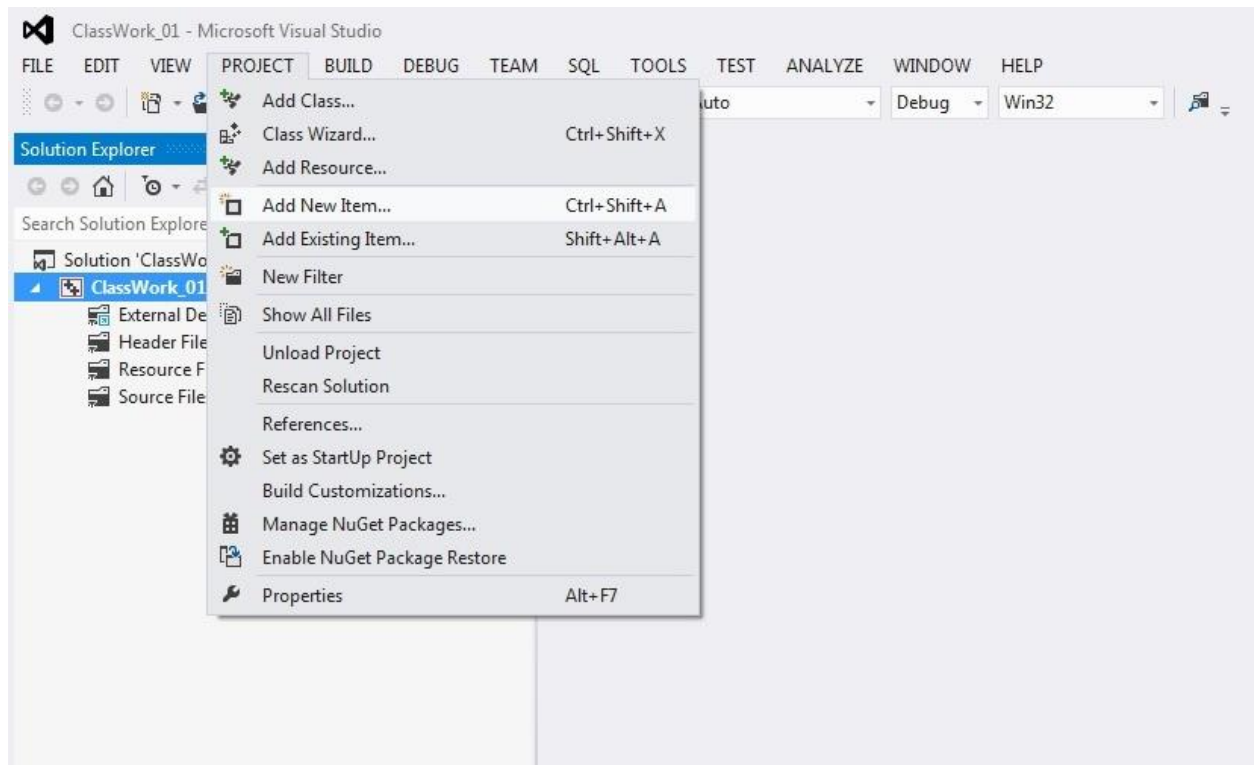

Step 3: Select Empty Project.

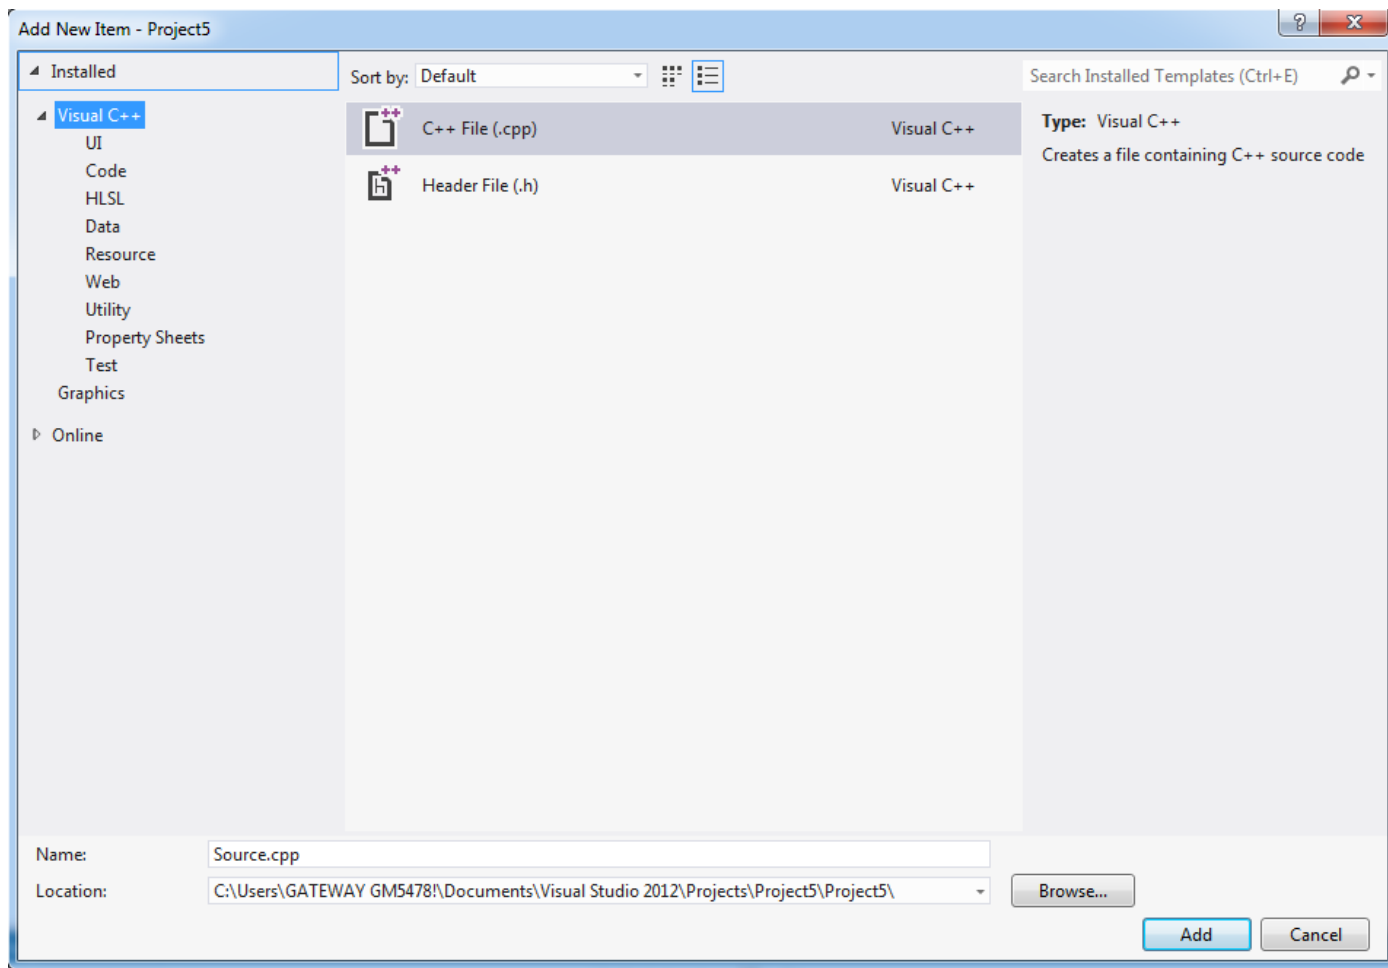

Step 4: Click on Projects.

Step 5: Click on Add New Item.

Step 6: Click on C++ file.

Step 7: Enter the following program.

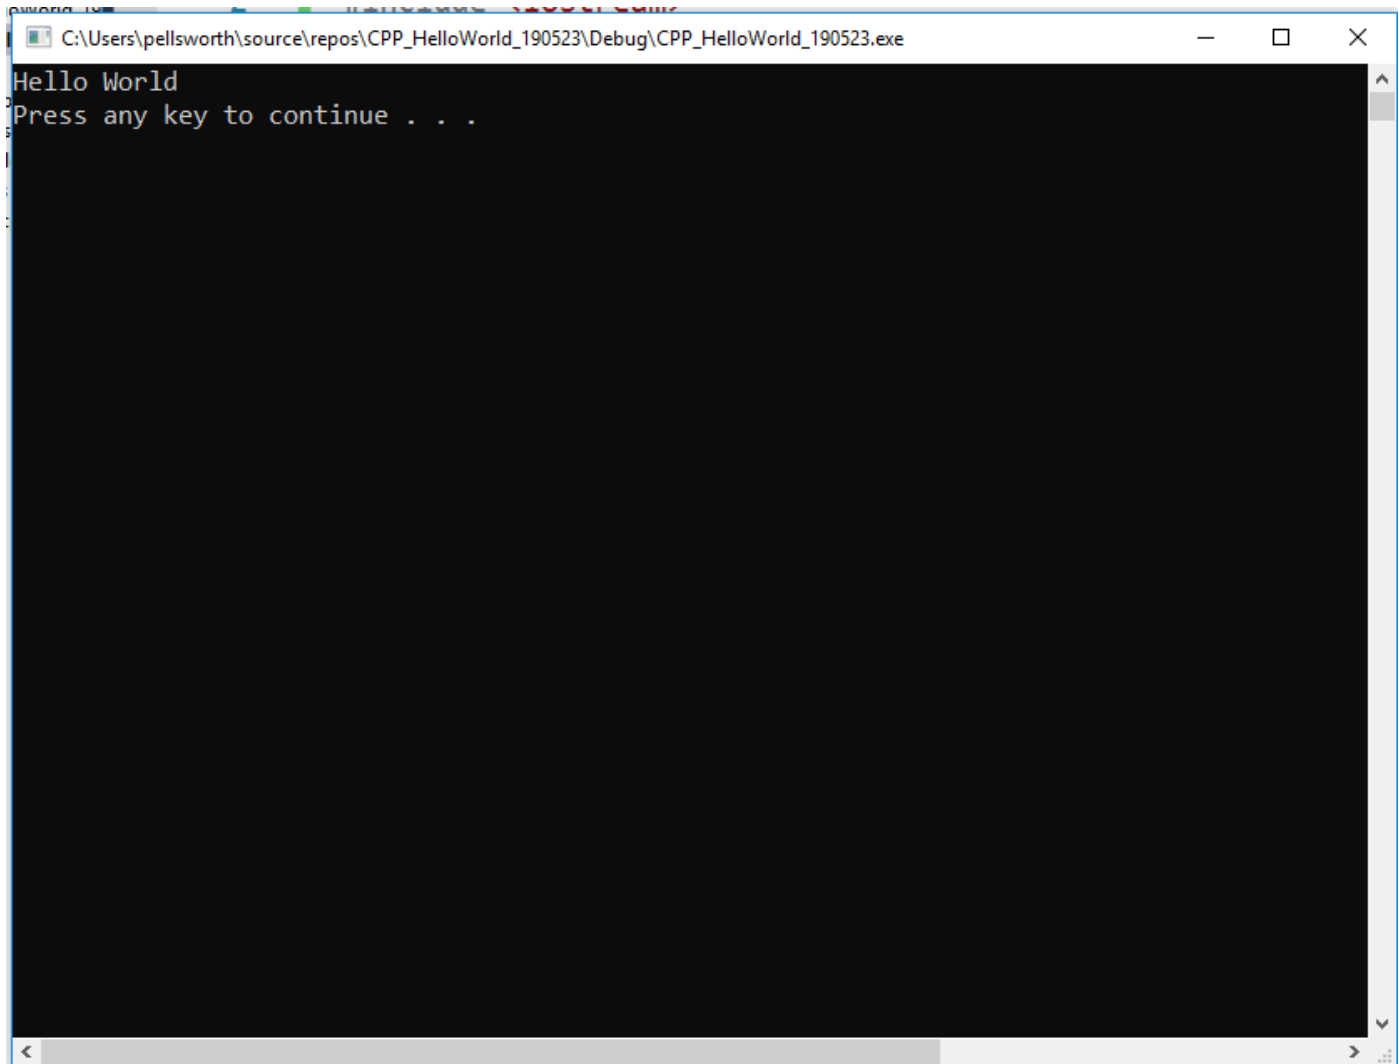

```
// This program displays the text Hello World.
#include <iostream>
using namespace std;

int main()
{
    cout << "Hello World" << endl;

    system("pause");
    return 0;
}
```

Step 8: Press the Control key and the F5 key to run the program.

Sample Output

```
C:\Users\pellsworth\source\repos\CPP_HelloWorld_190523\Debug\CPP_HelloWorld_190523.exe
Hello World
Press any key to continue . . .
```

Step 9: This is end of this tutorial.
